Internet Marketing Consultant Services, based in Cincinnati, OH, have released a list of the top 17 Law of Attraction blogs. The Law of Attraction was popularized after Rhone Byrne released her book, "The Secret". Since then, many people, including entrepreneurs, have been living according to its principles. Mike Marko and Bren Koger, founders of Internet Marketing Consultant Services, have posted the list to help those who are searching for inspiration.

Both Mike and Bren follow the Law of Attraction and they wanted to make sure that other people would find it easy to find blogs and other pieces of information that increases their understanding of this law. Additionally, they will be better equipped to put the law into practice and attain a happier, richer life. Those who practice the Law of Attraction have been shown to have more success in their life.

Mike Marko from Internet Marketing Consultant Services says: "At its heart, the Law of Attraction is very simple: you attract what you focus on. Thus, if you focus on the positive things in life, more of these will come to you. Of course, that is easier said than done. Fortunately, there are now many blogs out there to provide the necessary guidance. However, there are so many that it can be hard to know which ones to depend on.

That is why we have created a list, so that people know where they can go for really good information."

The top law of attraction blogs include those of Bob Proctor, Christie Marie Sheldon, Vishen Lakhiani, Dr. Wayne Dyer, Esther Hicks, Joe Vitale, John Assaraf, Kris Carr, Louise Hay, Matt Furey, Marie Forleo, Mike Dooley, Pam Grout, Peter Ragnar, Paulo Coelho, Tony Burroughs, and Wallace D. Wattles. Information is also provided on the background of each blog and why Bren and Mike feel they are the ones to watch the most. Each of these blogs help people become more successful in their own life, properly applying the Law of Attraction to their personal situation.

Bren says: "The best law of attraction blogs, in our opinion, are those that have helped us the most. We have seen so much success in our lives since starting to follow the Law of Attraction and we want to help others achieve the same thing."
