

Pro Pad Releases Brazil Motorcycle Flag

August 17, 2016

August 17, 2016 - PRESSADVANTAGE -

With the Rio Olympics well and truly upon us, there has been an increased interest in Brazil as a whole. Pro Pad Inc., a business in Mooresville, NC, that sells motorcycle accessories, including flags, has joined in the current popularity of the said country by introducing a Brazil motorcycle flag. Pro Pad already has a nice variety of country flags, and this latest one is an great addition to the collection. The flag is available at <http://www.thepropad.com/brazil-motorcycle-flag/>.

Mike Enzwiler from Pro Pad Inc. says: "We released the Brazil flag with the Rio Olympic Games in mind. It is available in both 6" by 9" and 10" by 15". As always, it is made of high quality, durable materials and looks fantastic, and is 100% made in the USA."

Pro Pad is committed to ensuring that people can express their individuality through their motorcycles. The Pro Pad Inc team understands that riding a motorcycle is more about a lifestyle than anything else, and this means having accessories that are not just safe and comfortable, but also describe an individual's interpretation of that lifestyle. As such, they have released numerous flags over the years that enable people to do this.

"For me, riding a motorcycle is so much more than a simple mode of transportation," adds Mike Enzwiler.

"When I step on my bike, I want people to know who I am and what I am about, and I don't think I only speak for myself in saying that. With the Rio Olympic Games, I want people to be able to support their country, so we decided to add this flag to our current country flag line up."

Pro Pad makes sure that all of their products are of superior quality. These products are made to withstand the sometimes harsh conditions experienced on motorcycles by using only the highest quality and most durable materials. Furthermore, all their products, from their flags to their poles to their mounts, are produced in the USA, a way for the company to not just guarantee the quality of their products, but to support the country as well.
