

Wanderlust Releases New Plantar Fasciitis Sleeve

August 17, 2016

August 17, 2016 - PRESSADVANTAGE -

Burlingame, California based Wanderlust has announced the release of a new product designed to help with the pain of plantar fasciitis. The new plantar fasciitis socks can now be purchased through the Amazon marketplace.

A spokesperson for the company says, "Compression socks have been gaining in popularity because of their extreme effectiveness in relieving plantar fasciitis. We're glad to be able to offer this product to anyone who suffers from this condition."

Plantar fasciitis is a common occurrence for those who run regularly, and many who are overweight and wear shoes that do not adequately support their weight. The condition is one of the most common causes of pain in the heel, and involves the thick band of tissue called the plantar fascia. The tissue runs across the bottom of the foot and connects the heel bone to the toes. Strain on this tissue can cause inflammation and extreme pain.

Many with the condition report stabbing pain in the heels, particularly upon rising first thing in the morning. Although many report the pain decreasing throughout the day, it typically remains and can increase in severity for those who stand for long periods of time. Studies have shown compression socks to be effective in relieving the pain caused by plantar fasciitis and actually helping with the swelling and inflammation as well.

"It's a frustrating condition for those who cannot stand or walk for long periods of time, or even at all in extreme cases," says Wanderlust's spokesperson. "Wanderlust compression socks can help to alleviate some of that frustration by eliminating pain that is typical in people who have plantar fasciitis."

Wanderlust's compression socks are designed to provide instant relief from the pain of plantar fasciitis and fibroma. The braces feature an open toe design and work to improve blood and lymphatic circulation to reduce inflammation and aid in muscle contraction. The company states that they are the perfect choice for runners or anyone with this condition, and guarantee that they will last for dozens of washes without wearing

out.

More about Wanderlust's plantar fasciitis socks can be seen on the Amazon marketplace on the company's official seller's page.
