

Foxbrim Releases Sulfate Free Argan Oil Shampoo

August 24, 2016

August 24, 2016 - PRESSADVANTAGE -

Foxbrim, a company that produces natural and organic hair and beauty products, is proud to introduce a brand new product. The Orlando, FL company has created a brand new paraben and sulfate free shampoo, which is made with 100% natural and organic ingredients. Foxbrim's Sulfate Free Argan Oil + Shampoo is already proving to be popular.

Luann Koerper from Foxbrim says: "We are committed to creating products that are good for the environment and beneficial for the overall health and beauty of our customers. This is why we only make natural and organic products, free from parabens and other chemicals that could be harmful. Instead, we harness the pure goodness of Mother Earth. Our new shampoo will leave your hair shiny, healthy, and radiant, and we're so happy to see that it is already becoming popular."

The Foxbrim Argan Oil and Shampoo has a number of key natural and organic ingredients, including organic argan oil, which has been found to effectively create a tight seal for hair cuticles. It also contains organic aloe vera designed to help soothe, renew, and protect hair. Next, it contains green tea, which can help to nourish the hair from the roots, while providing moisture at the same time. Finally, it contains vitamin B5, which can enhance the elasticity of the hair, making it less prone to breakage.

Those who have tried the shampoo so far have been very pleased with the results. They find that it offers excellent value for money, salon style quality and a gorgeous smell, and that it is very easy to use. In fact, most find that no other product quite compares to this one, particularly not in the same affordable price category.

As can be seen on Foxbrim's Amazon storefront, the company is committed to only creating products that don't cause any damage to the planet. They have a number of particularly popular products, and frequently design and release more. They encourage everyone to keep their eye on the storefront so as not to miss the release of a new product. "We also love to hear from you," adds Luann, "so if there is something people would like us to add to our collection, please let us know."
