August 23, 2016 - PRESSADVANTAGE -

Southern Piano Service's Blanton Bendall, a popular Richmond piano tuner and expert, is now offering his piano tuning and repair services in more Richmond neighborhoods. He also provides his full line-up of other piano services, including piano cleaning, restringing, restoration, moving, storing, and more.

Bendall has been serving Central Virginia for many years, though mostly in the periphery of the Greater Richmond area, focusing especially on Henrico county, Hanover county, Goochland county, and Chesterfield. Now, he is expanding into more of the City of Richmond neighborhoods, particularly in Richmond's West End.

These areas include Three Chopt, University of Richmond, Willow Lawn, Windsor Farms, Tuckahoe, Bon Air, Glen Allen, Short Pump, Woodlake, Wyndham, Stony Point, and Huguenot. He also tunes pianos in the VCU area, including the Fan, the Museum District, and Monument Avenue.

Bendall enjoys helping his clients keep their pianos in great shape. His clients in turn appreciate the high quality of his work, his attention to detail, and his friendly and helpful personality. He also loves tuning pianos

for schools and churches, helping them maintain their pianos in top condition.

More about Bendall's Richmond piano tuning services can be found on his website, along with plenty of information about taking care of one's piano so it will remain in great condition for a long time to come. He also provides information about piano repair and moving pianos.

A special guide on how to take care of a piano and keep it in top condition designed to help piano owners with easy things they can do to prolong their instrument's life is available free of charge. The guide can be downloaded on Bendall's website at <http://southernpianoservice.com>.

Bendall will be happy to speak with any Richmond piano owners who would like to get their piano tuned or wish to find out more about his services. Of course he'll also be glad to help piano owners in all the other Central Virginia areas with any of their piano care needs. His phone number is 804-677-2416, and the fastest way to reach him is by sending a text message.
