November 16, 2016 - PRESSADVANTAGE -

The Temecula Wedding DJ is a popular DJ who has played at the happiest day of many people in the Temecula, CA, area. Having been involved in so many weddings, he has gotten to know many different venues. As such, he is proud to announce that he has now compiled a list of what he believes are the top 10 wedding venues for 2017.

DJ Miller, who is considered to be the Temecula best DJ, says: "There have been so many occasions where people have contacted me to ask me to play at their wedding, and they didn't even have a venue yet. In fact, many people ask me if I can make recommendations, hoping that, if I know their style of music, I will also know what style of venue is suitable for them. For that reason, I have compiled a list of what I believe are the top 10 best venues."

The list that Miller has compiled includes the Temecula Creek Inn, the Mount Palomar Winery, the Bel Vino Winery, the Embassy Suites by Hilton Temecula, the Villa De Amore Temecula, the Falkner Winery, the Abbott Manor, the Gershon Bachus Vitners, the Leoness Cellars, and the Vitagliano Vineyards & Winery. What this list clearly demonstrates is the attachment Temecula has to wine and wineries. Each of these venues accepts wedding parties and has beautiful rooms and arrangements for people who are getting married.

Mr. Miller not only provides wedding DJ services but he is also available for corporate events and has a reputation for being one of the best corporate event DJs in the Temecula area. He has been a part of hundreds of weddings and corporate events in his career and has built an excellent reputation in that time. "Dj Miller was awesome," says Amber L.W. on his Facebook page. "Not only did he play good music to keep the guests moving, he also acted as a coordinator and made sure all of our key moments were on track. Thanks Dj Miller."

Dj Miller hopes that his new list will help more people have the most memorable time during the most special day of their life. He encourages everyone to contact him to start arranging a playlist for their wedding and for
