Your Choice Senior Care in Birmingham, Alabama, has announced the establishment of their social media presence. The company has recently launched a YouTube account as well as a Facebook page to better provide information to area residents.

Joe Soles with Your Choice Senior Care says, "Your Choice Senior Care provides services and care for those who choose to remain in their home." He states that the company strives to relieve the pressure and demands that typically force family members to place their loved ones in nursing homes or similar facilities.

Soles says that all of the services provided by the company can be customized to meet the specific needs of their clients. Because clients are involved with the assessment and evaluation process, personalized services are guaranteed to be the right fit for everyone involved.

The company recently launched their official Facebook page, where Soles says those interested can get more information about the company, their staff, and the services they provide. In addition, the social media accounts allow clients to interact with others who are currently using the services of Your Choice Senior

Care, or those who have used them in the past. He states that this gives interested parties an unbiased opinion of those services.

"You can talk with others on Facebook and learn how they truly feel about our services," Soles states. "We feel this is a great way for you and your loved ones to better get to know us and how our services work, allowing you to determine if we're a good fit for your specific needs."

The company offers a wide range of services for the elderly in their area, and states that they will consult with anyone interested in learning more. Services are provided 24 hours a day and 7 days a week by the locally owned and operated company. Soles states that staff consists of experienced caregivers and nurses, and that they urge anyone interested to find them on social media or visit their official website at <http://yourchoiceseniorcare.com/birmingham>, where a complete list of the services and service areas they provide can be found.
