September 02, 2016 - PRESSADVANTAGE -

Remodeling Expo Center, a business in Roswell, GA, having relocated from Atlanta is proud to announce the opening of their new location. The company is known for offering a number of unique advantages, above and beyond the usual benefits provided by the typical remodeling contractors.

John Hogan from Remodeling Expo Center says: "If you can imagine it, we can build it. One visit to our Expo Center and you will be astonished to see the professionalism of the design team, the accuracy of the estimation process, and the 3D visual impact of the technology that we employ. Come and visit the Expo Center and witness the intersection of design creativity, technology, and logistical efficiency."

Remodeling Expo Center strives to be the homeowner's single place for design, materials and product selections, and installation. Their Expo Center is where people can go to actually see and touch all the elements of their dream kitchen, bathroom, and basement remodel. Furthermore, their on-staff kitchen designers work together with customers to make layout changes and to show them a 2D and 3D rendering. They also specialize in 'Open Concept' floor plans, are experts in modifying load bearing walls and routinely move any electric or plumbing.

In addition to their website, the company has also launched its Facebook page. Here, they regularly share

information about their work, and also about the various benefits of remodeling work. Furthermore, they have added a range of reviews on the work they have completed. "This is the 2nd remodel we've done and without a doubt, it was the best and easiest," says Jack S. on the Expo Center's Facebook page. "Their Expo Center is unbelievable. It's organized to make the selection process so easy and by the time you walk out, you have the kitchen you've been dreaming of. Elisabeth, the designer is awesome, Fred, the project manager, made the process go so fast... the install team was like family. There are a lot of choices out there but just go to their showroom in Roswell and you'll see what I'm talking about."
