The Kadesh Foundation, based in North Platte, NE, which aims to change the world one person at a time, is seeking for donations to help in its fight against human trafficking. They are an educational 501(c)3 organization that seeks to educate and partner with people and other organizations to fight human trafficking, using the standpoint of prevention or restoration. They are encouraging people to do what they can to make a difference themselves, for instance, by making donations to the Kadesh Foundation. Monthly donations of \$10 are appreciated, as are one time donations of any amount. Donations can be made through KadeshFoundation.org.

Craig Johnson from the Kadesh Foundation says: "Together, we can make a difference in human trafficking, even if it is one person at a time. We ask you to help us put an end to modern day slavery."

Donors can easily manage their ongoing generosity through the foundation's free app. This is available for both iOS and Android devices. The donation button in the app allows donors to give as much as they like, while at the same time earmarking their donations towards prevention, restoration, or the greatest need.

Those who have worked with the foundation or who have looked into their activities have been very impressed with the results they have seen. "This is a courageous effort to make the world a better place," says Zoe V.H. on the organization's Facebook page, facebook.com/kadeshfoundation. "What you are doing is amazing."

Kadesh Foundation is one of the few nonprofit organizations that concerns itself with human trafficking. Worryingly, it has been reported that there has been a significant rise in the number of human trafficking cases. This demonstrates why there is such a serious and immediate need for organizations like Kadesh Foundation. However, being a 501(c) registered charity, they rely solely on donations.

With the new app, the website payment possibilities, email, and telephone number, it is now easier than ever to donate to the Kadesh Foundation. They encourage everyone to check out their website for further details about what their work is about and how people can help in the fight against human trafficking.
