A new set of under cabinet wine glass holder from Top Twelve is being touted by a number of shoppers as the perfect gift to give first time homeowners. The product is currently sold on Amazon and comes with a bonus corkscrew and bottle opener with each purchase.

Since the product's launch on Amazon, a number of shoppers who left reviews said they purchased it as gifts or suggested that it would make a good gift. "Overall, I would recommend purchasing this Wine Rack for personal use or even a gift. The quality and functionality will not disappoint!" said Poetic Origin, a verified Amazon reviewer.

Available in single or double sets, the under cabinet wine glass holder is made from high quality stainless steel. It is not only suitable for kitchens but can also be used in bars. Each set can hold 6 - 8 wine glasses and allows users to quickly store or retrieve wine glasses while saving space. The simple and professional design of the wine glass rack keeps glasses stored securely while preventing them from easily falling and

breaking.

Additionally, the product is shipped with all screws and fasteners and can be quickly installed. It has dimensions of 13.7"L x 8"W x 6.2"H and can be fitted to most standard cabinets in kitchen and bars. When purchased as a gift, shoppers can use the gift-wrap service on Amazon or wrap it themselves.

With many housewarming parties involving the drinking of wine, the under shelf stemware rack is considered to be suitable for new homeowners by allowing them to easily have glasses on hand to serve guests. Additionally, it allows homeowners with small spaces in kitchens or home bars to have glasses handy without compromising on already limited space. The bonus bottle opener and corkscrew also prevents users from having to buy additional products to open wine bottles.

After a brief absence on Amazon when the initial batch of wine glass holders sold out quicker than expected, Top Twelve has restocked the product once more. Shoppers who want to get the under cabinet wine glass holder as gifts can now purchase the product at discounted prices for single and double sets.
