

Top Twelve Restocks Under-Cabinet Wine GlassHolder on Amazon

September 02, 2016

September 02, 2016 - PRESSADVANTAGE -

The new under-cabinet Wine Glass Holder set from Top Twelve is now available once more on Amazon.com. The product was listed as out of stock for a short while, after the initial stock sold out quicker than was expected.

According to Top Twelve, shoppers quickly snapped up the first batch of the wine glass holders when they were launched on Amazon. This led to the company having to bring forward their manufacturing schedule to ensure inventory would be restocked in the shortest time possible to meet growing demand. In addition, Top Twelve has discounted the product to coincide with the restocking.

Top Twelve's Under Cabinet Wine Glass Rack Holder set is designed to hold 6 ? 8 glasses and comes with a bonus corkscrew and bottle opener. Made from high quality stainless steel, the stemware rack is available in a set of two and has openings for glasses to be easily added for storage or removed for wine serving. Shoppers can also get a set of two racks that holds 12 ? 16 wine glasses.

Installation of the rack allows users to store wine glasses under most kitchen cabinets, thereby saving valuable space in kitchens and bars. The product has dimensions of 13.7"L x 3.9"W x 2.6"H and is also easy to install, as it comes with all required screws and fasteners to keep the holder in place and prevent glasses from falling. Additionally, the under shelf wine glass rack is suitable for use under both kitchen and bar cabinets of adequate size.

Several shoppers who bought the product during its first release gave positive five-star reviews about the wine glass holder. "These are a pretty cool concept, simple yet make such a bold difference in the kitchen. It comes with a rack for the wine glasses as well as a corkscrew/bottle opener. Very happy with this," said Stacey Love, a verified Amazon reviewer.

With a number of other shoppers expressing similar sentiments, the wine glass rack has maintained an average of 4.5 out of 5 stars. Their availability on Amazon once more is expected to be met with similar positive feedback.
