The Martin Law Firm has announced the opening of its new office in Tampa, Florida. The new location, on the second floor of 711 S. Howard Avenue, will provide legal services, by appointment only, to clients in the areas of auto accidents, personal injury and wrongful death. With the new Tampa office opening up, the firm now has four separate locations where residents can get the legal help and advice they need.

The Tampa attorney service is provided by a team of legal professionals serving clients who need assistance with auto accidents, personal injury and wrongful death. The firm has built up a reputation of serving the residents of Southwest Florida by giving them a fresh approach to legal representation. They believe that accessibility and commitment are key ingredients in getting client satisfaction.

Those who need an attorney in Tampa can be reassured by the fact that the firm has developed a comprehensive practice over the years based on the extensive range of services they provide. Its legal team members are not only adept at handling a variety of cases, they are also skilled at assessing a client's personal circumstances to determine which legal course of action would serve them the best.

Mr. Steven E. Martin co-founded the firm with his wife, Eviana, and together, they have worked to create a dedicated team that has already helped thousands of individuals with their legal problems.

As a business owner himself, Martin has built up extensive experience working with both start-up ventures as well as firms that have long been established in their industry. He feels that his ability to understand the inner workings of a business enterprise has helped him to gain an in-depth understanding of his clients' needs.

This ability to relate to individual client needs is what has helped him to develop a team of like minded professionals who have worked to build up the reputation of the Martin Law Firm. Now with the firm expanding and extending into the Tampa area, he expects that more of the community will be able to take advantage of the many types of services his firm offers.

Recently, Steven and his wife were publicly recognized and awarded for their dedication to their industry. They were the recipients of the Martindale-Hubbard AV Peer Review Rating. This rating is a strong indicator that both were deemed to have "high professional ethics and preeminent legal ability." It is an award given only to lawyers that hold to the highest standards and levels of professionalism.

For those who may be seeking an attorney in Tampa, it is now possible to get a free consultation, by appointment only, with one of its attorneys.
