September 15, 2016 - PRESSADVANTAGE -

Tish and P.O.E.T. Woods are the founders of FoEver Here Inc, a 501c3 non-profit organization in San Tan Valley, AZ. They are focused on helping families who have lost children aged 21 or younger, with regards to the funeral, burial, and other financial needs during their time of grief. Offering a unique, respectful service, they have been featured on a range of national media channels.

The Fo Ever Here services were featured on Sonoran Living Live on abc15. Additionally, they have had pieces on abc NEWS, NBC NEWS, FOX NEWS, CBS NEWS and more. A piece was also written about them in the Success From Home Magazine. Alongside their significant media exposure, FoEver Here has become the most requested resource in the family child crisis assistance community.

"Thanks to the continued trust of our clients, we have been able to support a heartfelt cause," says Tish Woods from FoEver Here. "Our mission and success in the media has enabled us to become a resource for the Phoenix Children's Hospital. In so doing, we have been able to gain major support and sponsors in less than one year. Our goal is to financially assist ten families through their grief process by the end of this year."

In the piece featured on Sonoran Living Live, further details have been provided about the services offered by FoEver Here. Essentially, it describes to people how the nonprofit organization is able to help them with the expenses for child funeral and burial. While this is an integral part of what the company does, their focus is also on supporting people through the grief process. "Financial assistance is just a small part of what we do," adds Tish. "When people don't have to worry about their finances, they can focus more on their grief. And we are there to support them through that as well."

To support the important work that the non-profit organization does, people are encouraged to check out the FoEver Here events. They can provide financial support that will go straight back to where it matters most, or they can attend events and assist in any other way.
