Inglewood, California based Success Marketing Solutions has announced a new membership for travelers that is designed to help them save money while enjoying luxury travel. The company, through its Best Online Business Travel website, offers the Luxury Vacation Club Membership that provides all-inclusive travel deals for family vacations, honeymoons, business travel, and more.

"It's the perfect way to enjoy luxury travel at a budget price," says founder of the company, Robert Boyd Sr. "We're offering memberships to our luxury vacation club that allows travelers to choose from a number of wonderful locations, and save money on all of their trips."

Vacation club membership will allow travelers to use the assistance of personal concierges who will locate and book accommodations and amenities for travelers, saving them time and money. Boyd says that members can choose to stay in a luxury five star resort but pay only two or three star prices, and that their personal concierge will handle all details of the trip.

"Whether you're traveling for a day, a week, or a month, you're going to save money and you're going to

enjoy wonderful accommodations and travel amenities at the same time, all set for you. You simply have to show up. We have set out to design one of the best vacation club memberships and we believe that we have succeeded," Boyd says.

In addition, the company states that referral bonuses are possible. Members can refer new members and when three of those referrals purchase a membership, the referring membership is considered as paid. The club also provides a price guarantee, ensuring that their members get the lowest possible cost for their travel bookings.

Boyd states that members of the luxury travel club will receive exclusive travel deals and that the club offers a 110 percent best price guarantee to ensure that members are actually receiving the lowest possible cost. Travel deals include a number of popular destination locations all around the world and can include hotels, flights, and a wide range of additional amenities.
