October 17, 2016 -
Successful Marketing Solutions in Inglewood, California, has recently launched a new luxury vacation club through its Best Online Business Travel website. The membership club offers a number of benefits to travelers, including exclusive deals on travel, accommodations, and various activities. The company has announced that the launch was very well received.

"We were a bit amazed by the number of people who joined," says Robert Boyd, Sr, founder of Successful Marketing Solutions. "I mean, we expected people to appreciate the benefits, but we've been bombarded with messages from members who can't stop singing praises about this club."

Boyd says that members have contacted the company to specifically state what they feel are the best parts of joining the luxury vacation club. He says that above all, members appreciate the exclusive and all-inclusive travel deals.

"We've had people tell us that they would never have booked a vacation in Mexico, or taken a helicopter tour of Virginia Beach, Virginia, if it weren't for the savings that they're enjoying by being in the club," Boyd

reveals. "People are telling us that this is one of the best vacation club memberships they have ever joined."

The company states that among the many benefits, members can actually earn their memberships for free. Through a referral program, the company allows members to gain points for every referral that also joins and purchases a membership. With three referred memberships, the referring member enjoys the all-inclusive deals with free membership.

Boyd says that members are actively telling friends and family about the exclusive travel deals in an attempt to get them to join as well. He states that the variety of locations, including Aruba, Mexico, and various United States destinations, are another reason that members state they are happy with their membership.

Club members are guaranteed the best possible deal, which is fully guaranteed by the company. Membership includes discounts on various destinations and activities, and members earn points with each vacation purchase that can be used to enjoy even steeper savings on their next bookings. Boyd says that combined with a personal concierge to make all travel plans, he isn't surprised that members are satisfied with the new club.
