Successful Marketing Solutions based in Inglewood, California, has recently released a luxury vacation club through its bestonlinebusinesstravel.com website that allows members to save money on all-inclusive trip deals. Since the membership release, the company has now reported that many members have experienced saving thousands of dollars combined on their travels.

Robert Boyd, Sr, CEO of the company, says that he is not at all surprised at the outcome. "We designed this club to save people money, and that's just what it's doing," Boyd states.

Boyd points out that while the club membership will help travelers to save, there are always going to be questions from potential members on whether or not they should join. He recently offered tips on the top things to consider when looking for a vacation club to join.

"First," Boyd says, "You have to be certain that your luxury vacation club membership is going to save you money on the best all-inclusive deals. Note the all-inclusive, as this is going to be the way that you can save, because everything will be paid for with just that one price."

Boyd says that while there are a number of vacation club memberships available, not all of them offer deals that include transportation, accommodations, dining, and other things that could cost money once travelers reach their destinations. He states that the club membership offered by Best Online Business Travel is all-inclusive, which is the main way people save.

Boyd states that another perk of the company's luxury vacation club is that it offers members the opportunity to earn money while traveling. Members can join as a travel agent and earn through affiliate marketing. In addition to the affiliate marketing option, all members have the opportunity to earn their membership fees by referring other members.

Each member who refers three new members who join earn their membership for free. Boyd states that this, combined with the all-inclusive luxury travel deals and the opportunity to earn while traveling is why members of the company's luxury vacation club claim it to be the best available, as well as the long list of destinations from which members can choose.
