

San Diego Chapter Of MIT Enterprise Forum Announces 12th Annual MITEF Wine Social Fundraiser

May 27, 2015

May 27, 2015 - PRESSADVANTAGE -

The San Diego Chapter of the MIT Enterprise Forum (MITEF) has announced their 12th Annual Wine Social fundraiser for the MITEF and MIT Club of San Diego, which will be held on July 29, 2015. For the past 11 years, the event has been hugely successful and it is expected that this year will be no different. Places at the event are limited, however, so prospective attendees are encouraged to book their places now.

"Our annual fundraiser for MITEF and the MIT Club of San Diego is now in its 12th year," says Anita Rusch from MITEF San Diego. "Our goal has always been, and continues to be, to provide an opportunity for people to build new connections and networking opportunities, in an environment that is both fun and relaxing. Naturally, good wines will be included as well."

The event, which is home to a very exclusive crowd of at least 40% C-level, will feature select wines from over 30 wineries in California. It will be held at the Birch Aquarium, known for its serene atmosphere, where attendees can enjoy the spectacular ocean and sunset views. The event is organized in such a way that people can interact in a relaxed and fun way, as well as helping them to introduce themselves and create new, lasting connections. It will also include gourmet food.

The event will be held on July 29, 2015 between 6pm at 9pm at the Birch Aquarium at Scripps, 2300 Expedition Way, La Jolla, California. However, to keep the guests exclusive, tickets are very limited. Hence, it is recommended to reserve a place sooner rather than later.

The MITEF San Diego is an organization made up of tech-minded volunteers. Their goal is to create networking and education programs that promote building a strong community for technologists, business leaders, capital and service providers and entrepreneurs. MITEF is a 501c3 organization with headquarters in Cambridge, Massachusetts.

"MITEF San Diego, who are behind the wine social, is a chapter of the global MIT Enterprise Forum," adds Anita Rusch. "The forum itself is accessible to anyone in San Diego who is a member of the business community. By bringing these people together, we hope to improve networking relationships and encourage partnerships between different businesses."

To achieve their goals, MITEF San Diego organizes various events throughout the year. Each year, they are responsible for over 400 different events, workshops and activities. Each of these is designed to connect, inform, inspire and coach experts in the field of technology and beyond. It is a non-profit organization that now has a global presence through a variety of different chapters. While it is a part of MIT and alumni from MIT are always welcome, those who are from outside this institute are equally welcome to join.

More and more businesses are also interested in joining in with a community partnership under the direction of MITEF San Diego. This is an opportunity to increase awareness of a partner organization, as well as bringing the various networking benefits.
