November 07, 2016 - PRESSADVANTAGE -

Wedding Gown Care Specialists, occupying a retail space in Caibou Corner, is now offering \$50 off gown pressing, when customers have their gown cleaned and preserved at Wedding Gown Care Specialists.

Wedding Gown Care Specialists provide wedding gown cleaning, restoration and preservation in the Minneapolis / St. Paul area. They are one of the few wedding gown cleaners in the Upper Midwest that cares exclusively for wedding gowns.

"Wedding gowns are delicate. The beautiful laces, beading fabrics and trims require special care by skilled and professional cleaners. We are dedicated to cleaning and preserving our customers precious bridal gown with the utmost care and understand how important wedding gowns are to our customers," says owner, Steve Rettler.

Unlike most dry-cleaners, Wedding Gown Care Specialists meets with customers before cleaning to personally inspect the gown, checking for spots, age, wear areas, loose buttons or beads, open seams, tears, damaged zippers, etc.

Wedding Gown Care Specialists offers services from pre-wedding care and alterations to cleaning and preservation of gowns. The preserved gown is guaranteed not to yellow, discolor or develop oxidized stains.

"We pay special attention to insure the proper fit of the gown. We utilize techniques to secure and bustle a gown so it doesn't come down or tear out," says, Rettler.

They offer brides a wide range of gown care services, including: wedding gown preservation, heirloom and vintage gown restoration, gown alterations, and wedding day gown prep.

"We customize our services to fit the customers needs, from removing a small stain to a complete vintage gown restoration," says, Rettler.

When customers arrange to have their gown cleaned and preserved at Wedding Gown Care Specialist, they'll receive a \$50 gift certificate towards a wedding day gown pressing. That's up to half-price on this typically \$100 service. Customers will receive the credit upon return of the gown for preservation after the wedding.
