Troy Warren, host of LetsTalkBusinessRadio.Com, announced today the launch of eBarterExchange.Com in Los Angeles, CA. Warren has appointed Marci Rosenblum as the Trade City Ambassador. Marci coordinates Trade and Networking Events for business owners in the greater Los Angeles area.

Warren said, "I am so excited for the Los Angeles members of eBarterExchange and to be introducing them to Marci Rosenblum as the Ambassador. She is an award winning website designer, developer and internet marketer with over 20 years experience. Plus Marci is known for her aesthetic eye and great marketing mind. The eBarterExchange members are in for a real business treat in getting to know Marci."

Marci Rosenblum can be reached at (818) 359-2343 to learn more about the Los Angeles eBarterExchange as well as arranging to speak about barter at business networking events.

Rosenblum said, "I am really excited about how barter is shaping our future. I just heard about an app the other day that lets you trade your coins in and how eventually coins will disappear and maybe even paper money. I am thrilled to be the Ambassador for the Los Angeles eBarterExchange and even more excited to share the concepts with the members that increase profits while decreasing expenses."

eBarterExchange.com is launching in major metropolitans all across the USA and each has a Trade City Ambassador to facilitate trade and networking events in each city while the company supports the Members and Trade City Ambassadors from its offices in Chandler, AZ and Evanston, IL.

Warren commented, "I am truly excited to be launching the eBarterExchange network because it helps all business owners leverage their goods and services and increase their buying power and reduce expenses at the same time. The barter industry has truly helped business owners particularly in down economies like we have experienced since 2008. Barter transactions have climbed over \$16 billion annually in the USA alone and there does not seem to be an end in sight."

Troy Warren is writing a book on all facets of barter and trade entitled "The Forgotten Currency - Barter For What You Want Without Using Cash" that reveals how to increase revenues and decrease expenses.
