Don Tiegs Announces New LTC Workshops

October 03, 2016

October 03, 2016 -
Don Tiegs with Affordable Life Group LLC in Eden Prairie, Minnesota, has recently announced a new long-term care (LTC) workshop in the area. The workshop will be held on October 20, 2016 at the Edina Senior Center. Tiegs states that these are free educational workshops that anyone can attend.

"Many people today are concerned with how their income or savings will ultimately be impacted by unexpected medical expenses," Tiegs says. "Our workshops address these concerns and help you work through solutions."

Tiegs states that those interested in attending the workshop can call or register online at www.retirementworkshop.info/dontgobroke. He says that the focus is to help consumers avoid going broke while paying for nursing home care, helping them to protect their home, cash, and retirement funds in the event of catastrophic and unforeseen health care costs in the near or distance future.

"Even paying for home health care or care in an assisted living facility can reduce someone's life savings. Whether you or a family member is in crisis or not, it may be important that you learn what you can do to protect your hard earned assets," says Tiegs.

He states that the largest financial issue in retirement years, the one that most consumers have the most difficulties in paying, is LTC. These costs can run as much as $96,000 per year in some areas, which could take all of a retiree's life savings to pay for just the first year. Tiegs states that it doesn't have to be this way, and that the company's workshops can help consumers to find solutions to this growing problem.

The workshop is set to be held at 2 p.m. each afternoon at Grandview Square in Edina. Tiegs says that reservations are required in order to attend and that those interested should register soon as seats typically fill up quickly.

Those interested in learning more about the upcoming workshop and how they can help to provide solutions to retirement finance issues, or anyone looking for more information about Affordable Life Group can visit the

company on their official website at www.affordablelifegroup.com.
