

IA U.S. GC announces FEDVICTORY Workshop with a 52 Week Automated Federal Follow-up System for Small Businesses Chip Ellis Fort Lauderdale

September 30, 2016

September 30, 2016 - PRESSADVANTAGE -

The International Association of U.S. Government Contractors (www.IAUSGC.org) announces a new FEDVICTORY Workshop including a 52 week automated online and offline Federal Follow-up System to enable small businesses to capture all the \$5,000 to \$25,000 Federal Contracts they can handle.

IA U.S. GC has announced new, enhanced federal contracting workshop to help U.S. small businesses grow profits so that they can enjoy a comfortable lifestyle, be free of money worries, and retire whenever they choose.

Every business owner knows that growth is the lifeblood of their business. Yet only 4% of small business in the US have revenues over \$1 million dollars. With low or no growth, the business becomes one of just surviving instead of thriving. The Department of Commerce published that each year in the US about 1,000,000 businesses are started. The sad news is within the first year 40% are already out of business. Within 5 years, 80% of out of business. And if the business survives past 5 years, they are not out of the woods. 80% of businesses who make it 5 years fail in the next 5 years leaving only 4% of businesses that

make it.

Chip Ellis Fort Lauderdale explains, "This is unbelievable wrong. My passion is to help small business owners enjoy long term wealth and prosperity. And the fastest, easiest lowest cost way for small businesses to grow is to sell their products and services to the largest customer in the world - the US Federal Government."

This is where the new FEDVICTORY Workshop comes in. Since 2008, the International Association of U.S. Government Contractors has helped over 1,500 small businesses successfully launch into the federal government marketplace. Chip Ellis Fort Lauderdale believes that small business owners must have professional help learning how to properly market their products and services to the federal government and now the FEDVICTORY Workshop includes a 52 week automated, online and offline Federal Follow-up System.

Chip Ellis Fort Lauderdale explains, "The Fortune is in the Follow-up." Already IAUSGC clients seem to be confirming his motto: "Chip Ellis Fort Lauderdale created my automated, 52-week online and offline Federal Follow-up System including all the marketing headlines, copy writing, reports and even did the work of inputting it to my CRM. I have double the number of federal purchasing people I'm building a relationship within just 3 months!" -Pedro IT Company.

"The FEDVICTORY Contracting Program is the fastest, easiest lowest cost way for a small business to grow by selling to the Federal Government," says Association President Chip Ellis Fort Lauderdale.

Small business owners that would like to make serious money with federal government contracts and need help exploring if the federal contracting is the right fit, then the FEDVICTORY Contracting Program presented by the International Association of U.S. Government Contractors may be a good option.
