

IA U.S. GC announces Government Expo for Small Businesses Presented by GovConectx Chip Ellis Fort Lauderdale

September 30, 2016

September 30, 2016 - PRESSADVANTAGE -

The International Association of U.S. Government Contractors (www.IAUSGC.org) announces a Government Expo on October 26th at Fort Belvoir presented by GovConectx to enable small businesses to reach federal decision makers and increase sales.

IA U.S. GC has announced a Government Expo at Fort Belvoir, VA that is endorsed by the US Army Signal Network Enterprise Center. The endorsement ensures internal base wide notification. This Event is held on Base at the Officers Club, 5500 Schulz Circle #20, Fort Belvoir, VA 22060.

Chip Ellis Fort Lauderdale explains, "GovConectx has been doing events at Ft Belvoir since 2006. Take advantage of the knowledge that they have acquired doing this event for the past 10 years this is your chance to exhibit at a location that houses 140 Federal Agencies."

Few other Army installations in the world can compare with their singular mission of providing both logistical and administrative support to Over 140 diverse tenants and satellite organizations that call this post "home."

Fort Belvoir serves as the headquarters for these and many other Federal Agencies including the event sponsor, US Army Signal Network Enterprises Command.

Here is a small sample of the agencies on base:

• PEO EIS (PEO Enterprise Information Services main office and several other commands) • Chief Technology Office • Defense Logistics Agency • Army Computer Emergency Response Team (ACERT) • Belvoir Community Hospital • Army Cyber Command • Defense Acquisition University • Defense Technical Information Center • Missile Defense Agency • Defense Threat Reduction Agency • National Geospatial-Intelligence Agency.

Chip Ellis Fort Lauderdale explains, "This is an unbelievable opportunity to meet federal decision makers face to face and build a relationship with them." Since 2008, the International Association of U.S. Government Contractors has helped over 1,500 small businesses successfully launch into the federal government marketplace.

Chip Ellis Fort Lauderdale believes that small business owners must have professional help learning how to properly market their products and services to the federal government and now this is why we are recommending small businesses to attend the Government Expo at Fort Belvoir.

Chip Ellis Fort Lauderdale explains, "Success in Federal Contracting is all about building relationships with federal decision makers." Already IAUSGC clients seem to be confirming his motto: "Chip Ellis Fort Lauderdale has me go to a similar federal expo and the relationships I started there have resulted in over \$100,000 in federal business in just 2 months!" said Arturo, General Contractor.

To get a table at the Expo contact GovConectx by calling Vaune at (410) 535-3861 or text me at (703) 477-9909. "The FEDVICTORY Contracting Program is the fastest, easiest lowest cost way for a small business to grow by selling to the Federal Government", says Association President Chip Ellis Fort Lauderdale.

Those who own a small business and would like to make serious money with federal government contracts and need help exploring if the federal contracting is the right fit for their business than the FEDVICTORY Contracting Program presented by the International Association of U.S. Government Contractors may be a good option.

About Chip Ellis Fort Lauderdale

The International Association of U.S. Government Contractors is located in Fort Lauderdale, FL. The Association's Mission is to enable small business to seriously grow profits by training and coaching owners to capture as many \$5,000 to \$25,000 federal contracts as they can handle by building relationships instead of bidding cold, misusing the GSA, enduring massive red tape or needing to hire expensive government consultants.
