October 19, 2016

October 19, 2016 - PRESSADVANTAGE -

Land for sale near San Antonio, Texas can be purchased in the new gated community of Summit Ridge starting October 22, 2016. There are a number of home sites available ranging from two acres to over 20 acres. The home sites are said to have some of the best views surrounding the Texas Hill Country. It is expected that there will be a high demand for the land, so people are encouraged to come as early as possible.

Steve Brents, Sales Manager at Summit Ridge says: "The land we have available in Mico, TX is absolutely stunning. It has been divided into a number of plots, ranging from two to over 20 acres in size, so there is something for everybody. By buying this land, you will effectively beat the bank, because you could own it for up to 40% below market value."

Those who purchase land will have an opportunity to build on it. Land owners can start building whenever it is convenient for them, and they are also allowed to choose their preferred builder. A number of amenities, including centralized water, electricity, phones, and internet, are already installed, ready to be used.

The land in Mico, Texas has a number of interesting highlights. For instance, it is just minutes away from both downtown San Antonio and from the River Walk. Furthermore, it is very easy to commute to work, enabling people to enjoy the peacefulness of the country yet be only a short distance from nearby cities. Finding such premium land for sale in Texas Hill Country is incredibly difficult, so this may be an opportunity of a lifetime.

Another benefit of the Hill Country land is that it is in the heart of nature. "Because the land is close to Medina Lake, there are all sorts of plants and animals here to see," adds Brents. "Land owners will have a lot of nature and wildlife to explore."

He continued: "I really encourage you to contact us for more information. The open day is on Saturday October 22nd, and I hope to see everyone there." The sale will be complete on a case by case basis and it is important to speak to a financial advisor.
