Irina Baker, M.A., a best-selling author and speaker, has announced the creation of her new company Radiant Mastery LLC and her new business title Spiritual Awareness/Wealth Consciousness Mentor. Irina teaches spiritually aware entrepreneurs and business owners where money really comes from and how to confidently get rid of terrifying money fears and insecurities and find their personal power to bring forth what they want or need in business and life.

It took Irina Baker 20 years of intense spiritual healing, in-depth education and extensive professional experience to create her own effective system Radiant Mastery?, which is focused on teaching entrepreneurs the practical steps of creating wealth and satisfaction the easy way?.

Irina?s decision to let go of her old company Keys to Freedom and her title a Master Hypnotherapist Regressionist was based on Irina?s personal and professional growth and what?s more important, on the encouragement of the Divine Guidance.

Baker stated, "While working with my spiritual regression clients, I had noticed the urgent need in understanding of the spiritual matters in depth and using the spiritual knowledge in practical ways, which lead me to realization on how I could serve my clients even better. In other words, if before I was giving my clients a "fish," now I teach them how "to fish" so they could create their own success." As a result of this realization, the expansion into the new market became a professional necessity for Irina.

Well known steel tycoon Andrew Carnegie defined success as "The power with which to acquire whatever one demands of life without violating the rights of others." Over the years, Irina has observed that it's often hard for people to manifest what they really want because they are not aware of their radiant power. Instead, this power is usually replaced by limiting fear. In his interview with Napoleon Hill, Andrew Carnegie remarked, "Regrettably, with all this miraculous power the majority of the people of the world permit themselves to be cowed by fears of difficulties which do not exist save in their own imaginations. The arch enemy of mankind is fear."

Irina Baker believes that even though it's good and noble to read spiritual books, yet just reading won't change one's life. One has to apply the spiritual knowledge in very practical ways to affect the desired change.

Irina's new clients are equipped with the Radiant Mastery® Blueprint: Wealth and Satisfaction the Easy Way®. This blueprint is a practical roadmap for those who want to leave deprivation consciousness, full of financial anxiety, fears and insecurities, and move into wealth consciousness with its peace of mind and radiant power to manifest the desired outcomes.
