October 13, 2016; Boynton Beach, FL: Survivalist Magazine, the most respected and recognizable name in the emergency preparedness, off grid community, is pleased to announce the release of their new survival guide titled Top 10 Crisis Concerns. As part of the publishing company's ongoing effort to be eco-friendlier and lessen their carbon footprint, this educational resource will be offered in digital format only. Top 10 Crisis Concerns is available for immediate purchase and download through the Amazon Kindle store.

"There are literally millions of Americans who have absolutely no idea what external factors and disruptions they should be aware of," explains George Shepherd, founder and owner of Survivalist. "This brief guide details the 10 worst case scenarios that members of the community are interested in preparing for. It gives those who are unaware an inside look at why preparedness should be an instrumental part of everyday life."

As an informative and educational resource, Top 10 Crisis Concerns provides the reader with a list of threats that give the emergency preparedness community the greatest cause for concern. Readers of this guide will begin to understand what is at stake. They will also be given opportunities to purchase specific items, through the inclusion of links, which are designed to assist with surviving some of these situations, should they occur.

As a Top 100 Ranked leader, and valued member of the off grid, emergency preparedness community, Survivalist Magazine continues to raise the bar for other publications to follow. Content created by the company is available through a number of online portals, including the survivalist.com website, where overstocked back issues are available at deeply discounted prices.

Survivalist Magazine continues to maintain contact with their membership, fans, and followers through an expanding number of media outlets, such as email, blog posts, podcasts, webinars, summits, Social Media channels, DIY projects, and workshops.
