Simply Pets Online is pleased to announce the launch of its newest product, a silicone cat food bowl, to the Amazon shopping community. The product provides cat lovers with a stylish and innovative, no-mess veterinarian approved feeding bowl that makes it easier and more convenient to feed their pets.

The one-piece placemat and bowl contraption is designed to prevent cat food from spilling onto floor surfaces while staying in place as cats enjoy their meals. It is made from 100 percent non-slipping, food-grade silicone and is suitable for both wet and dry meals. In addition, the product is gentle on the teeth of cats, as well as free from BPA, BPS, PVC, lead and phthalates that have been found to carry serious health dangers to animals.

Simply Pets Online has incorporated several design elements into the new silicone cat food mat that are said to make mealtime more fun for cats and their owners. To begin with, the product has three sizable compartments and features a 1-inch ridge that separates dry and wet foods, cat treats, and water. It is also

made into the shape of a happy cat to be more attractive to all types of cats. Additionally, the cat food bowl is dishwasher-safe and cleans easily with soap and warm water.

Since its launch on Amazon, the food bowl has quickly become a hit with a number of shoppers who have used it for feeding their cats. ?This bowl is great, it's the perfect size for my cat?s food pouches. I love how it's a food bowl and mat in one. Silicone is great because I can throw it in the dishwasher when it's dirty for quick and easy cleaning. It doesn't hurt that this looks cute, either,? said Justine Maresca, a verified Amazon reviewer.

A number of other shoppers have expressed similar sentiments about the silicone cat food mat for cats that was created by veterinarians for their own feline practice. The product has also been praised for its stackable design, which allows it to be easily transported.

The launch of the silicone cat food bowl by Simply Pets Online is expected to help alleviate stress for pet lovers and cats during feeding time. It is currently available to online shoppers and comes with a money-back guarantee.
