October 26, 2016 -
Anik Singal, a well known entrepreneur, teacher, bestselling author and philanthropist, has announced that he has released a free 10 day course, which is called The Circle of Profit. This course reveals how he was able to turn his passion into a profitable business. To access the course, people are encouraged to visit his website at http://aniksingal.com/.

Anik Singal himself says: "My passion is in digital publishing, and I have been involved in this for a very long time. What few people realize, however, was that I was able to achieve everything using nothing but my laptop. Anyone is able to do this, and as part of my giving back campaigns, I have decided to launch The Circle of Profit, my 10 day course to realizing your dreams, available for free."

In 2011, Singal had $100 in seed money and decided to use this to launch a company. He founded Affiliate Classroom, which was renamed Lurn Inc. in 2009. The company was responsible for developing training materials for online entrepreneurs and marketers. It became the benchmark for best practice in the early development of online marketing. The company grew rapidly and expanded into Hyderabad and Mumbai, India, in 2007, by which time they also earned some $1.5 million in revenue. Lurn Inc. is still going strong today and has recently launched "Learn Build Earn", which is a program developed together with Mark Ling. Those who have worked with Singal in the past have been incredibly happy with the results they have achieved. "What Anik provides is incredibly impressive," says Robert K. on Singal's website. "Becoming an Entrepreneur in today's economy is absolutely the #1 way to achieve your dream of financial freedom... The level of commitment, dedication and support Anik provides his students, well, it gives his students a serious advantage over everyone else."

Singal encourages everyone to visit https://lurn.com to find out how to turn information into profit. Building on his own experience of turning $100 into a huge multi million dollar company, he hopes to inspire more people to achieve success.
