

House Cleaning Company In Mandurah Helps Charitable Causes

November 07, 2016

November 07, 2016 - PRESSADVANTAGE -

Cleaners for Causes is a newly launched business in Mandurah, Western Australia, and the company tries to set itself apart by donating 10% of its profits to charity, which explains its name. The company has chosen three charitable causes to support, which are the Falcon Playgroup, The Smith Family, and K9 Rescue Group. Because of this philanthropic element to the company's work, the new company is already gathering a lot of attention.

Tabitha Cullen from Cleaners for Causes says: "Everyone in our team, myself included, has many years experience in house cleaning, and we all love it. I decided to branch out and start a business of my own in an effort to give back to the community. We are proud supporters of the people who selflessly give some of their time to make our community a better place. We also encourage our customers to nominate causes they feel are worthy of donations."

Cleaners for Causes employs expert cleaners with a passion for their job, and also for improving the lives of others. They service all the 6210 suburbs in Western Australia. Between them, the staff has over 10 years experience in domestic cleaning, which means they know how homes should be cared for. The company also offers flexible and affordable solutions in order to make sure all housekeeping needs are maintained.

Because of their philanthropic nature, the cleaning business has already gathered a lot of attention, and many people have used their services, with some of them having worked with Tabitha and moved over to her own company. As a result, they have already received a lot of positive reviews as well. "I have had Tabitha clean my house for the past 18 months," says Kellie on the company's website. "I would highly recommend her cleaning services. I find her very trustworthy, reliable and her cleaning standard is fantastic. I love coming back to a nice clean home after she has been to clean. I honestly don't know what I would do without her. Thanks Tab."

People are also encouraged to like the Cleaners for Causes Facebook page, to enable them to remain up to date with new developments.
