

Richmond Piano Tuner Helps His Clients Get Their Pianos In Tune For Christmas And Holiday Parties

October 26, 2016

October 26, 2016 - PRESSADVANTAGE -

Southern Piano Service's Blanton Bendall, a popular Richmond piano tuner and expert, is reminding his clients not to wait until the last minute to get their pianos tuned for Christmas and their holiday parties.

The holiday season is a very popular time for playing the piano, especially for an audience who sings along with all the familiar Christmas tunes. And suddenly, piano owners all over realize that their piano doesn't sound quite as good as it used to. So they are calling their piano tuner for an emergency tuning. Unfortunately, Bendall says, piano tuners are extremely busy during that time, so piano owners who wait until the last minute may be out of luck.

On his blog, Bendall points out that he doesn't want to let his clients down during the peak season of piano tunings, but he can only tune so many pianos each week. So the earlier they book their tunings, the more likely they are to get their pianos ready for holiday sing-alongs and performances.

Bendall also mentions in his blog post on piano tuning for Christmas and the holidays just why it's so important not to be stuck with an out-of-tune piano during the holidays.

"It can be very embarrassing both for the player and the audience when a piano is badly out of tune," says Bendall. "There could even be sticking keys, broken strings, and other problems that can ruin the performance."

Bendall will be happy to fix all those problems, provided he's given enough time to do so.

And since music lovers often know each other, Bendall once again offers gift certificates for piano tunings, which can make the perfect Christmas gift for piano owners.

This will also be the first holiday season where Bendall offers his piano tuning (and repair) services in the entire Greater Richmond Area, as well as in the surrounding counties, including Henrico, Hanover, Goochland, Chesterfield, and more.

In addition to tuning pianos, Bendall also loves to repair and restore pianos to their former beauty.

Bendall can be reached at 804-677-2416, and he prefers text messages to phone calls. His website can be found at <http://southernpianoservice.com>.
