

Oasis Ahead Announces 2 Year Warranty On Lawn Sprinkler

November 08, 2016

November 08, 2016 - PRESSADVANTAGE -

Oasis Ahead, a young gardening tools brand, has recently released their new K-200 lawn sprinkler and since then, it has become a very popular product on the Amazon marketplace. The company has now announced that they are offering a 2 year warranty on the K-200 lawn sprinkler as well.

Martin Holst with Oasis Ahead says, "We want to ensure that our customers are completely satisfied, so we decided to back up our product with a 2 year warranty."

The sprinkler, which can be seen at <http://www.amazon.com/Oasis-Ahead-Lawn-Sprinkler/dp/B01G72GVUW>, offers a zero to 360 degrees watering range. Users can set the angle that they wish to cover with one setting, and it includes a detachable shut off valve to easily turn water on and off.

"We've designed it to be the easiest, best sprinkler you've ever used," says Holst. "And we believe that customers are going to love it, particularly with the new warranty."

The company has already been offering a 60 day no questions asked guarantee and they are now adding a 2 year manufacturer's warranty to cover any functional defects. Holst says that the features of the sprinkler have made it a hot seller since it was introduced just a few short weeks ago. The sprinkler is designed to cover between 4,000 and 6,000 square feet of lawn space, depending on the water pressure. The company states that they have thoroughly tested the sprinkler using a number of water pressures to ensure the accuracy of their statements.

The sprinkler base features a connector thread so that users can connect multiple sprinklers together to extend coverage area. The company's guarantee covers the heavy duty plastic and rubber grips, and the sprinkler includes a metal base that is weighted for added stability. Holst states that the features alone make it popular, and he says that the company is expecting a large ordering period due to the newly added warranty.

Consumers interested in learning more can see the sprinkler on the Amazon marketplace or visit Oasis Ahead on their official website to learn more about this and other products that the company carries.
