

Adult Day Care Centers Now Available for Seniors in Metro Atlanta

November 03, 2016

November 03, 2016 - PRESSADVANTAGE -

Skylark Senior Care offers reliable and compassionate adult day care in locations throughout the Greater Atlanta area. The centers provide engaging activities, delicious food, and excellent health care support.

Atlanta GA: Skylark Senior Care is pleased to announce their day care for adults is available at various centers in the Atlanta metro area. Seniors are provided with activities, meals, transportation and health care support. Individuals from all walks of life are cared for in comfortable and secure surroundings by professionals with a philosophy of inspiring freedom, hope, and joy in the lives of those who are part of the program. Individualized care programs and services are available.

Each center is staffed with registered and licensed nurses who offer educational programs, manage day-to-day health needs, and take care of emergencies. Social workers provide family support and help to design care plans. Activities professionals lead out in personalized activity programs and nursing assistants help with personal care. Dietary consultants assist with special and regular meals and dietary restrictions.

Activities in the centers include exercising, solving puzzles, creating art, playing sports, and dancing. Breakfast and lunch are social events with new friends and the occasional live band. Tours and expeditions around Atlanta include picnics, bowling, and visits to area landmarks. For those with physical challenges, wheelchair-equipped buses allow all to be included in the activities. Transportation to and from the centers, as well as to off-site appointments is provided as a way of improving the lives of seniors and their caregivers.

Senior service areas are located in Atlanta, Marietta, Suwanee, and Johns Creek. The individualized plans will include transportation, beauty, bathing and therapy services as required.

The professionals work with seniors and their families to ensure the best solutions are put in place for each client. The services are available in the homes or at the senior care centers as needed. Providing an environment which is fun, interesting, and caring is the goal of the professional staff members.
