November 14, 2016 - PRESSADVANTAGE -

David Carroll, CEO and Founder of Premier Financial Alliance, Inc. announced on April 30th, 2016, the debut of Living Life indexed universal life insurance, issued by Life Insurance Company of the Southwest®, a member company of National Life Group®. Within the first six months of the product's debut it has exceeded \$1.3 Billion in Face Amount. According to Louis Puglisi, National Life Group's Senior VP of Independent Distribution, Living Life IUL is one of the fastest growing products in all 167 years of their history.

This product is designed for and targets the estimated 170 million Americans, according to the 2015 LIMRA Insurance Barometer Study, who are dramatically underinsured or who have no life insurance coverage at all. The exclusive GAP Protector Rider is designed to allow people to work their way up to the coverage they need, while reducing their out of pocket premium by potentially thousands during the early years of the policy when coverage is lower.

A representative from PFA explains that Living Life is life insurance where the insured does not have to die to take advantage of the benefits, and includes riders such as Accidental Injury Death Benefit, the Children's Term Rider and the Waiver of Surrender Charge Unemployment.

David Carroll states, "Now is the time for individuals to lock in their future with protection purchased at today's health and today's insurance costs; they don't want to wait until they are older and may have health risks." Living Life is sold only through PFA agents. Those interested in more information are urged to contact a PFA representative.

"While people are living life; Living Life will be there for them," says Carroll.

National Life Group® is a trade name representing various affiliates, which offer a variety of financial service products. Life Insurance Company of the Southwest, Addison, TX, is a member of National Life Group.
