Elgin Dentist Offers Same Day Dental Implants

July 27, 2018

July 27, 2018 -
1st Family Dental, a dental clinic in Elgin, IL, offers "Same Day Dental Implants". This service allows patients to have their smile back in just one day. This is a significant improvement on the traditional process, which often takes months with the healing process. The implant in a day service is already proving to be very popular.

Vicky Khawaja from 1st Family Dental says: "Same day dental implants Elgin offers the same strength and durability you've come to expect, now in just a fraction of the time of the traditional implant treatment. You no longer have to spend weeks without your smile. You can now get back to eating, speaking, and feeling like yourself in one day. Living without teeth can be difficult and even result in digestive and other long term health issues. Get your confidence and health back within a day."

Additionally, the clinic recently published an article about the pros and cons of dentures, and how they stack up against dental implants. Dentures vs Implants is the title of the article and can help provide insight to anyone trying to decide between these two tooth replacement options.

From the many reviews online, 1st Family Dental of Elgin is the best place to get dentures or dental implants. According to their 50+ online reviews, those who have been to the clinic have been very pleased with the

service they have received. This Elgin dentist is committed to always offering the most technologically advanced, up to date services, which includes the "Implant in a Day" service.
