

Orthodontist Las Vegas Is Giving Away His Mercedes Benz

June 02, 2015

June 02, 2015 - PRESSADVANTAGE -

Wirig Orthodontics, a Nevada based dental practice, has made the announcement that one lucky patient will be able to win Dr. Wirig's prize Mercedes Benz. In order to enter the competition, patients are urged to refer a friend or family member to the practice. The drawing for the Mercedes Benz prize will take place on August 31, 2016, during which time any patient who has referred somebody could be a winner.

The company's main site is found at www.wirigortho.com. This page will provide information on the practice, including new patient forms, available treatments, and information on Dr. Wirig and his staff. Patients who are interested in learning more about the contest and the practice can do so from the contest site, which includes further access to specific details and guidelines for the event.

The contest is being offered as an incentive to expand the practice within the local area, as well as to support patients and show gratitude for their continued loyalty to the Wirig Orthodontist team. Dr. Wirig makes it clear throughout his websites and blog just how important his patients are to him, and the company website says the following regarding the relationship that the staff hopes to form with those who visit the office:

"At Wirig Orthodontics, you are more than just a patient - you are family! We work together to provide professional, personalized service and an enjoyable orthodontic experience in a comfortable, stress-free environment."

Aside from this latest contest, Wirig Orthodontics has also proposed various other events and fun activities including a brownie competition, online games for children who visit the office, and a customer loyalty program for frequent patients of the clinic. The main site provides convenient and easy to locate headers for each section of the practice such as a patient section, treatment tab, and a fun zone. There are also areas where patients can make payments, request appointments, and get directions to the office.

Wirig Orthodontics is operated by Dr. Matthew Wirig. He employs two associate orthodontists, Dr. Freddie Martinez and Dr. Joseph Morneau. They've been described as having dedicated their lives to orthodontics and their patients. A graduate of the University of Nevada, Dr. Wirig graduated with honors, distinctions and awards for his academics and began practicing in the Nevada area in 2006. He is the former President of the Nevada Orthodontic Society. The team has said the following about their passion toward dentistry and creating beautiful smiles for their patients:

"We understand how important a straight, beautiful smile is, which is why we offer the following state-of-the-art appliances and revolutionary services, to enhance your smile through increased comfort and more efficient treatment."

The contest being offered by Dr. Wirig requires the patients entered to be present during the drawing on August 31, 2016. The car, which is a 2008 Mercedes Benz C350, was Dr Wirig's personal car for a number of years, making it an even more personal gift to those patients who qualify for the competition. Patients who wish to be entered more than once can do so by referring more than one friend to the practice.
