Pensacola, Fla. ? Butler?s Tire & Accessories, a new and used tire store in Pensacola, is a local location for purchasing tires, rims, and complementary accessories.

Butler?s Tire & Accessories has recently added new stock to their already vast tire selection and are looking to inform customers about the new inventory. No more are the days of riding around on 3 wheels or taking the bus.

?We don?t want a car riding around on a spare tire, and we definitely don?t want it stuck at home,? Butler?s Tire & Accessories owner Jim Butler said. ?Stop by or give us a call, and get rolling again.?

Customers often complain about determining costs when shopping for tires. Many people think that buying tires is an expensive and slow process, but not at Butler's. Butler?s Tires & Accessories speeds up the process by using a computerized inventory system that can provide accurate quotes for customers in real-time.

Using the inventory system, customers are able calculate general price points like the installing or disposal of tires. This takes a lot of the suspense out of the purchase process and makes the customer more comfortable when it?s time to buy.

?Our product warranties last longer than most of our competitors. We guarantee results. And most of all we are firmly invested in our products, service, and mission,? Butler said.
