AussyELO offers gamers the opportunity to reach Level 30 of the popular League of Legends game without spending hours and hours playing through the earlier levels. The LoL account starts players at the maximum level.

AussyELO is pleased to announce that they provide the ability to allow players to step into the wildly popular League of Legends game at the max level. To play through these levels from 1 to 30 takes most players at least three hundred hours. At level 30 is where the most exciting aspects of the game begin. Anyone who wants to get into the action at the most entertaining and challenging level can use an AussyELO account to by-pass all the less exciting levels.

Speaking to an interviewer about the release, Nick explained, "You can buy League of Legends account unranked level 30 online with instant delivery around the clock, anywhere in the world. We are the #1 marketplace online for purchasing LoL Smurf accounts. You can buy with confidence from us. We are a trusted and secure seller and we provide instant account delivery. Once the purchase is made, we send the League of Legends account instantly to your PayPal email address, with detailed instructions on how to change the password and verify the email."

"If you need a LoL Smurf account for any reason, this is the place to buy it!" he continues. "Purchase a fresh level 30 account which you can use to buy your own champions and runes. Your account will be ready for ranked play with the purchase of sixteen champions. Whether you need a new League of Legends account to Smurf on or you're just sick of the leveling then AussyELO is the place for you!"

AussyELO at <https://www.aussyelo.com> offers friendly and helpful professional support staff. They provide answers to League of Legends gaming accounts or product related questions by way of email or Skype. LoL accounts are created manually, each one is leveled with a bot on a different IP address and some are even hand-leveled. All accounts are fresh with a personal email address that only the owner has access to.
