

Landscaping Firm In The Woodlands Celebrates 17 Years In Business

November 28, 2016

November 28, 2016 - PRESSADVANTAGE -

Envy Exteriors offer customers in and around The Woodlands, TX their expertise gained over seventeen years of customer care. The service area includes Spring, Magnolia, Montgomery, Cypress and Tomball, TX.

The Woodlands TX: Envy Exteriors and Courtney Milne are pleased to announce that they have reached a milestone of seventeen years in the business of landscaping The Woodlands, TX homes, and businesses. Since 1999 the company professionals has used the knowledge and creativity to turn ideas into art by landscaping and hardscaping services. They strive to produce eye-catching landscapes which reflect the customers' needs and preferences. As a design-and-build firm, they offer both landscape and construction expertise.

According to a spokesperson for the firm, "We offer irrigation services, arbor installation, and landscape design. Our expertise includes design and installation of driveways, walkways, and other specialized elements throughout the landscape to enhance the experience of being in an outdoor space."

He continues, "Our services include landscape lighting, irrigation and drainage, turf, plant and tree treatment programs with fertilization, insect and disease control. We design and build outdoor kitchens and entertainment areas, covered structures, walkways and driveways and pergolas. We can renovate decks and construct arbors. We also design and install patios and pools. No job is too large or too small."

Crafting healthy, as well as aesthetically appealing landscapes is an important part of Envy Exteriors efforts. They are knowledgeable about plants and their water and shade needs. Enjoying the outdoor living space is more likely when the design is attractive as well as functional. The professionals at the firm can design and install an outdoor kitchen or lounge area, as well as a place to entertain family and friends.

Personal contact with each customer is a requirement promoted by the firm's philosophy and service model. The customer consultation provides a comprehensive evaluation of the desires and preferences. The desires of the customer are included in the planning and discussion. The skilled landscape designers can then turn

the ideas into a workable design which is beautiful as well as functional.
