

Gilbert AZ Food Truck Design Blog Releases Post

November 28, 2016

November 28, 2016 - PRESSADVANTAGE -

Prime Design Food Trucks offers affordable custom food trucks and trailers. The firm provides a superior service and build to customize the truck to the specifications and needs of the food business.

Gilbert AZ: Prime Design Food Trucks and owner, Ernie Miranda is pleased to announce the successful design of a new Phoenix food truck called The Gorilla Cheese Truck. The story relates to the excitement of new food truck owner Geoffrey Ramsey who has long dreamed of becoming a chef and operating his own restaurant. Thanks to the design services of Prime Design, Ramsey has his dream in the form of "The Gorilla Cheese Truck", a rolling restaurant serving hot gourmet grilled cheese sandwiches. Visit the Prime Design Blog to read other custom made food truck client stories.

The food truck firm offers a range of products (<http://primedesignfoodtrucks.com/products/> including customized mobile kitchens suitable for one of the fastest growing industries in the nation today. The company builds everything from trucks and trailers to kiosks and carts, irrespective of the type of food that is served. The custom manufacturing process provides customized kitchens including all the components which clients require to prepare their cuisine niche.

Ernie Miranda explained, "We conduct a survey to understand the requirements of the client, and prepare a recommended operational food service plan. We liaise with health, fire and building agencies to insure that the mobile kitchen complies with all local and provincial codes. We are one of the leaders in the industry and can configure nearly any size of truck into the dream kitchen for street food."

He continues, "We offer competitive pricing for customized trucks which fit your requirements. The appliances are new and are commercial grade. There are financing options available on the trucks. Our units can be standard, ready-made vehicles and trailers, or custom-build units. We guarantee that the vehicle will have local health agency approval. Our services include repairs to the trucks. If you have a design in mind, we can work with you to make it a reality. We handle everything from start to finish."
