

Pediatric Dentist in Clermont, Florida Achieves Board Certification

November 29, 2016

November 29, 2016 - PRESSADVANTAGE -

Clermont Pediatric Dentist, Dr. Alexandra Jensen, is pleased to announce that she has passed her oral board examination to become a diplomate of the American Board of Pediatric Dentistry. The American Board of Pediatric Dentistry certifies pediatric dentists through a voluntary examination process that continuously validates their knowledge, skills and experience for delivering quality patient outcomes. Dr. Alexandra Jensen joins Dr. Julie Russo, also a board certified pediatric dentist, at their practice located in Clermont, Florida.

A Pediatric Dentist is specially trained to deal with the dental needs of children, having two to three years of additional training beyond the training requirements to become a general dentist. The American Academy of Pediatric Dentistry encourages all parents to establish a dental home for their children by their first birthday or within six months of the eruption of their first tooth. These early visits allow the child to become accustomed to visiting the dental office and allow the dental provider to educate the parents on proper dental care.

About Clermont Pediatric Dentistry: Clermont Pediatric Dentistry has proudly been serving the Central Florida community since 2006. The practice is located in Clermont, Florida but welcomes patients from Winter Garden, Orlando, Ocoee, Groveland, Windermere, Apopka, Minneola and other Central Florida locations. The practice is home to Dr. Julie Russo and Dr. Alexandra Jensen, both of whom are Board Certified Pediatric Dentists. The state of the art facility has a fun safari theme which engages children and puts them at ease as soon as they walk in the door.
