

Commercial Cleaning Company In DC Announces Green Certification

December 07, 2016

December 07, 2016 - PRESSADVANTAGE -

Colonial Commercial Cleaning, LLC in Manassas, Virginia, has announced that they have received green certification. The company provides commercial cleaners DC residents can depend on. They explained that their services are now Green Certified as they use only safe products.

Marcel Clarke, President and owner of Colonial Commercial Cleaning, LLC says, "We are proud to provide our customers with only the best in commercial cleaning services, which involve the use of chemicals that are safe for you and for the environment."

The DC commercial cleaning company uses state of the art equipment in addition to their environmentally safe products. Clarke states that their highly specialized tools include vacuum cleaners with HEPA filtration which capture up to 99 percent of all bacteria, pollen, and other allergens to create cleaner workplaces. In addition, they use a microfiber system that includes cleaning cloths and mops that extract additional allergens.

"Every visit means that the air quality in your facility is going to be cleaner, giving you fresher air and the

ability to breathe more comfortably," says Clarke.

The company provides green janitorial services DC throughout the District of Columbia as well as the Northern Virginia region which includes Alexandria, Arlington, Fairfax, and Manassas. Clarke points out that his company has over a decade of experience in delivering spotless offices, floors and carpets, and in the provision of various other services. The company specializes in floor stripping and sealing, as well as floor waxing, carpet shampooing, post-construction cleaning, and various types of daily office cleanings.

The green certification means that the company takes specific steps to ensure that customers are protected from harmful chemicals and ingredients. Clarke states that the company's goal is and has always been to ensure that very best of services, which include protecting clients from chemicals and fumes that could potentially be harmful to their health.

The company states that they will customize a cleaning program that best suits each individual client's cleaning needs and budgets, and that they pride themselves on being in good standing with all governing agencies in the commercial cleaning industry.
