

Wesley Powell Voted Most Trusted Pediatric Dentist In Atlanta

December 08, 2016

December 08, 2016 - PRESSADVANTAGE -

Dentistry for Children and Teens, a dental clinic in Atlanta, GA, is proud to announce that their main dentist, Dr. Wesley Powell, has been named the most trusted children's dentist Atlanta has to offer. Residents of Atlanta have hailed him for his high level of education and commitment to staying up to date with the latest developments in the field of dentistry. Mostly, they were impressed with his dedication to young people, and compassion and empathy towards their needs.

Dr. Wesley Powell himself says: "I am so proud to have been named most trusted dentist in the area. I'm one of the few dentists who focus particularly on children and teens, a target demographic that I feel is significantly underrepresented. Healthy teeth starts in childhood, and I am proud to be a part of that."

The Atlanta pediatric dentist offers a range of dental services specific to young people. These include sealants, cleanings, white fillings, restorations, IV sedation, in-office oral sedation, digital radiography, laughing gas, orthodontics, and teeth whitening. Dr. Powell has worked in the field of young person's dentistry during his entire career, even serving as the Atlanta representative for Crest, Proctor and Gamble for Children's Dental Awareness Month. He was also a Colgate spokesperson, influencing young people across

Atlanta to have better oral health.

Those who are registered with the dentist have been incredibly pleased with the service, which is one of the reasons why he has become the most trusted dentist in the area. "Love this place since the 1st day we came," says Jamie H. on the clinic's Facebook page. "The office is clean and fun for the kids - they actually love and enjoy coming to the dentist. We are always treated very kindly and enjoy the time we are there. Also they are very good at seeing us at the time our appointment is scheduled. The kids are seen very timely and I feel they respect & value the parents' time. I really appreciate that and will (and have) recommend to everyone."

Those interested in registering with the best pediatric dentist Atlanta has to offer are encouraged to visit their website and schedule an initial consultation.
