

LA Locksmith Marks 53 Years In Operation

December 05, 2016

December 05, 2016 -

Shock Locks Lock & Key offers a full range of lock and key products and services to residents and businesses in the Los Angeles area. The size of the business has greatly expanded in the more than half-century of operation.

Los Angeles CA: Shock Locks Lock & Key and Founder Drew Linger are pleased to announce that the family-owned and operated business has been providing services to residents and companies in the Los Angeles area since the launch of the company in 1963. The purpose of the business has not changed since its founding. It is to providing sales and service on all types of locks and door closers for Los Angeles, CA residents and businesses.

The company began operations with a single service vehicle with Drew performing the service calls. In 1986, an addition to the original shop quadrupled the square footage. In addition, employees and service vehicles were added to better serve the LA-based customers. Today, the company employs 28 workers and has a fleet of 16 full-service vehicles. It remains under the ownership and operation of family members.

The clean and well-appointed showroom of more than 7500 square feet is stocked with a full inventory of lock and hardware products. Sales personnel are knowledgeable and experienced in helping customers find the right combination of locks and keys to ensure safety to the business or residential premises. The staff members can make suggestions or oversee the installation of locks, hardware and security products.

According to a company spokesperson, "Our years of experience have shown us the importance of keeping up-to-date in the ever changing lock and hardware industry. We achieved our success by offering guaranteed service and a wide variety of in stock items, ranging from residential to electronic hardware. We stay current with innovations and advancements in the industry, and provide our services and products to a wide geographical area."

"As a member of the Associate Locksmiths of America (ALOA)," he continues, "we take pride in our work upholding the standards set by our industry. We are certified, bonded, and insured by the IDPR to guarantee both our quality and service."
