

Tyler TX Contractor Firm Marks 35 Years Of Business

December 05, 2016

December 05, 2016 - PRESSADVANTAGE -

Tylers Best Construction offers a full menu of residential and commercial construction expertise. The firm has been operating in the Tyler, Texas area for more than three decades.

Tyler TX: Tylers Best Construction and Elliot Barrard are pleased to announce that they are celebrating 35 years in the contractor's industry in and around Tyler, Texas. Among general contractors Tyler TX residents and business owners recognize that experience and quality service are important. The firm provides a variety of services over the years, with both commercial and residential customers. Both interior and exterior projects, as well as those which are a mixture, are completed to the customer's satisfaction.

The interior service projects which have been completed by the firm over the years of service include custom interior remodeling and framing, water damage repair, flooring installation, flooring repair and staircases. Exterior services include vinyl siding installation and repair, porch and deck building, porch and deck repair and house and foundation leveling. The company also provides window installation, termite damage repair and mobile home repair, as well as helping with home insurance claims.

According to Elliot Barrard, speaking in a recent interview, "There are several reasons why our name includes the word 'Best'. For more of our services, we can complete the job on your schedule and be out of your hair quickly so that you can get back to your life. In cases of emergency repairs, we will work with you to get the repairs done so that damage is minimal to your possessions. Our services are affordable, and we will help you with your home insurance claims paperwork. No job is too large or too small."

"Tyler is a growing city," he continues. "Several new businesses have moved into the area, but our model of doing business hopes to maintain the friendly and neighborly feel that has served us well for so long. Our standards of quality, affordability and friendly service will continue, as will our commitment to professional standards in every project that we do."
