

Luke Electrical Marks 25 Years in Business Serving The Adelaide Region

December 05, 2016

December 05, 2016 - PRESSADVANTAGE -

Summer in Adelaide has arrived, and with it a need for ceiling fans. Luke Electrical offers a 25 percent discount on ceiling fan prices to celebrate 25 years in business.

Adelaide SA: Luke Electrical and owner, Luke Franklin are pleased to announce that they have been serving customers in the Adelaide area for more than a quarter century. In honour of the years of experience and because summer temperatures are here, ceiling fan prices have been reduced by 25 percent for the next month. The electrician services and products are extensive. Fleet service vehicles respond quickly with the needed parts and tools to complete the job efficiently.

Adelaide ceiling fan installation to keep air moving during the hot summer months can be done now with the significant savings on the fan purchase. The professionals at Luke are available throughout the entire metro area as well as other nearby neighbourhoods. Home owners in Aberfoyle Park to Bellevue Heights to Westbourne Park and dozens of surrounding areas are assured of fast response and high quality service.

According to Luke Frankham, speaking in an interview recently, "When there is a need for an electrician Adelaide area residents are assured of the high standards for every job we perform. No job is too large or too small to be done right. We offer same day service so that clients are not inconvenienced from an electrical malfunction. When there is an emergency, we respond around the clock."

Free fixed-price quotes are provided so that there are no surprises when the invoice is presented. All electrical work is guaranteed. The electricians are licensed, bonded and insured so that customers have peace-of-mind about the quality of the work and the experience of the electrician. There are multiple payment options to avoid shattering the budget and the company offers senior and pensioner discounts.

The professionals have the knowledge and experience to perform a full range of electrical projects for home-owners. Everything from bathroom heaters to floodlighting is within the expertise of the electricians.
