

# Eleven Years of Operation Marked by Brooklyn Carpet Cleaning Firm

*December 06, 2016*

December 06, 2016 - PRESSADVANTAGE -

Brooklyn Carpet offers a full menu of cleaning services related to carpet and rugs, as well as repairs and restoration of area rugs, upholstery cleaning, and carpet sales and installations. The family-owned and operated company launched in 2005.

Brooklyn NY: Brooklyn Carpet is pleased to announce that they have been providing an extensive range of carpet and upholstery services to New York residents and business owners since 2005. The family-owned and operated business is open around the clock for services to customers, with office hours from 8am to 8pm, seven days each week. The knowledge and experience of the professionally trained team equips them for a broad range of cleaning, repairs, sales and installation services.

The head spokesperson for the carpet cleaning Brooklyn team explained, "We offer our expertise for area rug cleaning, repairs, and restoration, as well as for antique rug washing, repairs, and restoration. We can provide custom rug pads, carpet cleaning and carpet repair. We do carpet stretching, sales, and installation. In a related field, we can provide upholstery and furniture cleaning and bedding and linens cleaning and repair. You can depend on us for window coverings cleaning, repairs sales, and installation."

The need for emergency services can happen at any time of the day or night. The team at the Brooklyn Carpet cleaning firm is ready to respond with the right tools and supplies to remediate damage from water, smoke or other problems with carpets, rugs or upholstery. Removing water from flooding or smoke and soot caused by a fire is handled promptly and efficiently.

According to the spokesperson, Brooklyn Carpet prices are affordable so the professional cleaning services for rugs and carpets are accessible for everyone. The team doesn't take shortcuts with the professional products, methods or personnel who provide reliable cleaning for the personal and business rugs, carpets and other surfaces of the home or business. Every member of the cleaning team, administration and support staff recognizes the importance of friendly, courteous and professional service to customers in the area. Training is updated so that all services are provided using the latest methods and products available to the

industry.
