Baubelle is a jewelry manufacturer in Cheyenne, Wyoming that provides inspirational jewelry for women. The company has recently announced that their popular Be bracelet is available on the Amazon marketplace and is ready for shipping for the upcoming holiday.

"All of our bracelets make exceptional holiday gifts for the women in your life," says company spokesperson Sarah Evren. "They are particularly good gift choices for women with sensitive skin and come in styles that all women will love."

Evren points out that the bracelets are hypoallergenic so they will not cause allergies or irritations to sensitive skin. In addition to the "Be" bracelet the company also offers two additional styles, which are the "She Believed She Could" and "Love The Life You Live."

In addition to the advantages for those with sensitive skin, the company states that the bracelets make good fashion jewelry choices for women who love high end jewelry but prefer a more affordable price. Evren states, "All of our bracelets are perfectly affordable. And the beautifully crafted turquoise and gold signature

gift box that they come shipped in make them even more special as holiday gifts."

The bracelets are designed to provide inspiration to women, which is the founding message of Baubelle. Each bracelet is plated in 18K gold and guaranteed not to rust or tarnish. Evren states that the bangle style charm bracelets are available in gold, white gold, and rose gold, and provide affordable high quality fashion without the fine jewelry price.

The inspirational messages are shown on the charms, and the bracelets are stackable for those who prefer to purchase more than one. Evren states that they have become quite popular as Christmas and Hanukah gifts as well as general birthday, anniversary, and other special occasion gifts.

The jewelry company states that all of their bracelets are highly giftable bangles that women and girls of all ages will adore. They state that their bangles are sure to please anyone receiving them. Those interested can order the bracelets on Amazon.com or get more information about the jewelry pieces or the company on the official Baubelle website.
