Baubelle, a popular jewelry business in Cheyenne, WY, is known for their collection of inspirational bracelets for women. One of their most popular bracelets is the "Be True" bracelet, and the company is proud to announce that they have added this bracelet to their sensitive skin collection in time for Valentine's Day. It joins the popular other bracelets including Be Happy and Be Thankful.

Sarah Evren, owner and founder of Baubelle, says: "What we have aimed to do is create a collection of bracelets that can inspire and empower the wearer to feel confident, strong, and resilient. Our Be True bracelet is one of my personal favorites, as it speaks of women being true to themselves, something we could all use more of."

As with other Baubelle bracelets, the Be True bangle has been designed specifically for women with sensitive skin. With its genuine 18K rose, white, or yellow gold plating, the bracelet will not tarnish nor rust, nor will it cause skin discoloration, itchiness, or other forms of irritation. It is designed to be the perfect gift for someone special.

Baubelle has thought of every detail. The bracelet is fully expandable, which means it can fit most older teens and adult women. Additionally, it is stackable, which means it can join the other bracelets in the Be bracelets or entire Baubelle collection. Each bracelet is presented in the signature Baubelle box, a turquoise and gold slide out box with a shimmery fabric pull tab.

The Be True bracelet has been appreciated by all those who have purchased it, praising it for its simplicity and elegance. "Simple and feminine piece to easily accessorize with any outfit. I received the package a day earlier than the estimated delivery date and could not be anymore happy to have such a beautiful bracelet," says an Amazon customer. In fact, it is currently a five star item.

All purchases made on Baubelle's Amazon.com page come with a 100% money back guarantee, valid for one year. This is extended not just to the person who purchases the bracelet, but to those who receive it as well, as the bracelet is made for gift giving.
