Jewelry is always a popular gift around Valentine's and thus, jewelry store Baubelle, operating out of Cheyenne, WY, has announced that they have expanded their "Be" range of bracelets, adding the Be Kind bracelet to their sensitive skin collection line up. This bracelet joins other popular items, such as the Be Happy, Be Thankful, and Be Strong bracelets.

Company founder and owner, Sarah Evren, says: "Our Be range of bracelets is designed to be inspirational, reminding women to feel empowered and love themselves and their lives. Women are strong and powerful, and they have so much goodness in their hearts. Our Be Kind bracelet serves as a powerful reminder of that."

Baubelle has aimed to create a range of inspirational bracelets that is suitable for all women, including those with sensitive skin. This is why their entire range is plated in 18k yellow, white, or rose gold. The quality of the plating is such that it will not rust or tarnish. Additionally, the bracelet is fully hypoallergenic, which means it will not lead to allergic reactions such as irritation, itchiness, or skin discoloration.

"What we have tried to do is create a bracelet that any woman will love," adds Sarah Evren. "We have tried to think of everything, creating something that is of the quality of fine jewelry, but without its hefty price tag. We present each bracelet in our signature turquoise and gold slide out box with shimmery fabric pull tab, so you don't even have to wrap the bracelet as a gift."

So confident is Baubelle of the quality of their products, and of the fact that women will love them and be empowered by them, that they offer a 100% money back guarantee for a full year, no questions asked. This guarantee is available for both the purchaser and the receiver of the gift. In so doing, people have been given the ability to shop with confidence.

All Baubelle bracelets are expandable and stackable. This means they can also be purchased from Amazon.com as sets, for even more inspirational messages.
