Be Happy Bracelet Included In Baubelle's Holiday Gift List

December 16, 2016 - PRESSADVANTAGE -

Finding the perfect gift for someone special can be incredibly difficult, particularly in a consumerist society where so many people already own many things. In this regard, Baubelle, a jewelry designer in Cheyenne, WY, has created a list of holiday gifts to inspire customers. One item on this gift list is the Be Happy bracelet, part of the overall 'Be' collection of stackable, adjustable, fashion bracelets offered by the company.

"Holiday gifts are no longer about the actual item that people receive, but rather about the thought that goes into it," says company founder Sarah Evren. "Our Be Happy bracelet is the perfect addition to any list of holiday gifts because it reminds women to be the best they can be, and to be happy at all times. Happiness is perhaps the greatest gift of all, after all."

Baubelle has released a wider line of inspirational bracelets. The Be collection includes the Be Thankful, Be Brave, Be Happy, Be Kind, Be True, and Be Strong bracelets. The bracelets are sold individually, but they are stackable, which means they also look very good as a set. Many people have already added the Be Happy model to their personal holiday gift list, which is a testament to the popularity of this particular item.

"Just received my Baubelle bracelet in the mail today and I love it. The packaging is absolutely adorable and

the bracelet is something I will definitely be wearing every day. These bracelets are something I can also gift this Christmas," says Abigail at Amazon.

The Be Happy bracelet comes beautifully presented in the Baubelle signature turquoise and gold gift box, which gives it a professional designer look. The quality of the 18k gold (rose, white, or yellow) plated bracelet is guaranteed under the 100% money back one year policy. As shown on Amazon.com, the bracelet is also fully hypoallergenic, which means it can be worn by those with metal allergies as well, causing no rust, tarnish, itchiness, soreness, irritation, or skin discoloration. "We have tried to create something that is a pleasure to give, receive, and wear for anybody," says Sarah Evren, "and add a little bit of positivity and empowerment wherever you go."
