

ILLUMINEX Becomes Official Distributor Of Gehl LED Grow Lights

December 19, 2016

December 19, 2016 - PRESSADVANTAGE -

ILLUMINEX, Inc., a business in Denver, CO, is proud to announce that they are now an official distributor of Gehl LED grow lights. Gehl LED is one of the most technologically advanced manufacturers and designers of grow lights. They have a world-class research and development team to ensure that customers receive the highest quality products and technical services.

"Gehl LED is one of the most respected grow lights manufacturers in the world, and we are very happy to be officially able to distribute their products," Dennis Gronbeck from ILLUMINEX, Inc. says. "Our company is self-independent, which means that we only offer products that we have tested ourselves to ensure that they are of the highest possible quality."

In fact, ILLUMINEX grow lights are known to offer the highest quality standards in the industry, often unmatched by others. At the same time, they focus on offering affordable products, which they are able to do by not using any gimmicks. They let their products speak for themselves, something that has been at the heart of their philosophy since 2009.

Any product offered by ILLUMINEX, Inc. is known to be of exceptional quality and value. They make sure that those interested in growing at home or even commercially are able to access all the tools they need, regardless of what their personal requirements are. "We make sure that you can cover an as large area as possible with maximum performance, while giving you maximum control at the same time," Dennis Gronbeck explains. "We encourage everyone to look at our line of Gehl LED lights to see what is available, and to contact us should they have any questions."

Since 2009, ILLUMINEX has worked hard at building a reputation of being the best in the industry. They are known mainly for their affordable prices without every compromising on quality. The team at ILLUMINEX are experts in LED lights, and particularly in LED grow lights. They focus strongly on offering the highest level of customer service, ensuring growers of all abilities can access the tools, resources, and information they need.
